Information by HyWays

- To inform other than the first 6 HyWays member state partners from Phase I about HyWays (objective, expected results, methodology, structure, partners, milestones and schedule)
- To report about some first (MS specific) results from the process
- To convey some of the member state specific experience from Phase I
- To prepare the selection of the new Phase II member state partners

and vice versa

- To learn from the interests/strategies from other than the Phase I member state partners
